

Greeks, Albanians Clash, Rome Says

AIR SERVICE TO GREECE HALTED BY MUSSOLINI

Duce May Have Set A Deadline For The Small Nation

Rome, Oct. 26.—(AP)—The Rome radio broadcast tonight a report of a clash between Greeks and Albanians in Albania between Koriza and Porto Edda.

Six Greek soldiers were reported captured, two Albanian soldiers killed and three wounded.

(Albania, since Good Friday of 1939 when it was seized by the Italians, has been a part of the Fascist empire.)

Koriza (Gorizia) is 15 miles within Albania from the Greek frontier.

(Marine circles in Athens said today that the Greek fleet would engage in day and night maneuvers near Salomika from Oct. 28 to Jan. 1.)

Today Italy was reported to have suddenly suspended air service to Greece until Nov. 4 under circumstances suggesting to some foreign observers that the fascists were thus setting a deadline for "that little country to end its friendship with Britain and bow to the axis."

Nothing was said officially about the action—which had a certain apparent parallel in the postponement of Italian steamship sailings shortly before the country entered the war against France and England—but the Italian press many times has stated that there must be "clarification" of the position of Greece, and "Turkey as well."

This gesture occurred almost simultaneously with a statement of the official Rome radio that the long expected major offensive in Egypt was imminent.

The north African army of Marshal Rodolfo Graziani, said the radio, is now ready and fully prepared to deal a final blow to the British in Egypt. The blow will fall at any moment.

Crown ISD Queen At Homecoming

Annual Ball Held at School Saturday; Sponsored By "I" Club

Miss Mary Pendergast, a senior from Charleston, Ill., was crowned queen by Miss Evelyn Snyder of Jacksonville, Ill., at the annual homecoming ball held at the Illinois School for the Deaf gymnasium last night.

The dance was the closing event of the homecoming festivities which attracted hundreds of alumni to Jacksonville, to witness the football game between Missouri and Illinois, which the local school won by a score of 18 to 7.

In the huge gymnasium decorated with the colors green and gold of the visiting Missouri school and the orange and black of the local school, Miss Snyder was crowned queen.

The maids of honor were Dorothy Guhl, senior of Freeport; Cecelia Wiczak, senior, Chicago; Shirley Shewell, junior, Herrin; Edna Lohrenz, New Holland, junior; Eleanor Dore, sophomore, Kankakee; and Darlene Soucie, freshman, Kankakee.

The dance was sponsored by the "I" Club, Mutual Improvement Society, Young America Literary Society and the Junior League of Hard of Hearing.

The faculty committee was composed of Mrs. James N. Orman, Miss Alice Thomas, William Johnson and Kenneth Wilson.

Music was furnished by the I.S.D. band.

LOST AND FOUND

London, Oct. 26.—(AP)—A man on his way to work in last night's blackout found a gas mask.

He opened the case. Wrapped around the respirator were \$1,847 (about \$7,388) in bank notes.

Police returned mask and money to its owner today.

Weather

For Jacksonville and vicinity: Partly cloudy today; considerable cloudiness tomorrow.

The Norbury Sanatorium, cooperative observatory for the U. S. Weather Bureau, last night gave temperatures as high, 85; low, 47 and at 6 p. m. yesterday, 68.

Illinois—Partly cloudy Sunday slightly warmer in extreme north; considerable cloudiness Monday, scattered showers in north portion, cooler in south.

'UNITE, SERVE' IS DOCTRINE OF GOP—WILLKIE

Charges "Divide And Rule" Is Followed By New Deal

New York, Oct. 26.—(AP)—Republican Presidential Nominee Wendell L. Willkie charged tonight the doctrine of the New Deal was "divide and rule."

"Our doctrine is the doctrine of unite and serve," he said in an address prepared for a rally at Jamaica high school, Long Island.

Asserting that there had been formed in recent years "groups with special hatreds—racial, religious and political hatreds," Willkie accused the New Deal of undertaking to "govern America by playing off each of these groups against the other."

"It has encouraged labor to fight capital and encouraged capital to attack labor," the candidate said. "It has even encouraged labor to fight labor."

Farmers' "Island"
"It has created the farm problem as a separate problem, as if the farmers were somewhere on an island by themselves."

"It has kept in Washington, on our payroll, men who do not believe in our form of government—communists and near-communists and neo-communists and pseudo-communists and their dupes."

"It has divided our youth from us by preaching the doctrine that America can no longer grow."

That, said Willkie, was "the issue between the new deal and the cause I represent."

The nominee spent a busy day in New York where he arrived shortly after noon. He went to the New York fair, where his open car moved at a five-mile-an-hour pace between crowds lining the roadways.

After speaking there and later driving through lanes of applauding spectators in Times Square, he attended the Fordham-St. Mary's football game at the Polo Grounds.

Personnel Shakeup Of Governor Stelle Held Up For A Time

Interpreted As Indicating Action to Be Suspended During Campaign

Springfield, Ill., Oct. 26.—(AP)—A full week passed today without further shuffling of state officials by Gov. John Stelle and the lull was widely interpreted as indicating the governor's personnel shakeup had been suspended until after the Nov. 5 election.

No new resignations or removals of state officials were announced by Stelle, although three new appointments were made.

Dr. Paul Huber of Chicago was named assistant state health director to succeed Roland R. Cross of Dailgreen, who was promoted to directorship of the department last week when Stelle accepted the resignation of Dr. A. C. Baxter.

J. Frank Figuiera
T. P. Sullivan, for more than a year acting superintendent of the division of supervision of parolees, was appointed superintendent of the division and J. Frank Figuiera of Springfield took Sullivan's former post as superintendent of the division of criminal identification and investigation. Figuiera formerly was chief investigator of the division.

Still lying on the chief executive's desk, awaiting acceptance or rejection, was the resignation of Director Ernest Palmer of the insurance department. The governor gave no indication when he might act on the Palmer resignation.

St. Louis Will Get Huge Plane Factory

St. Louis, Oct. 26.—(AP)—Curtiss-Wright Corporation's St. Louis airplane division, which has been awarded \$70,000,000 in government contracts announced plans today for construction of the largest aircraft manufacturing plant in the middle west.

The building, covering 1,200,000 square feet, or more than 27 acres, will be erected on the site of the present plant at Lambert-St. Louis Municipal airport, where additional acreage has been leased from the city.

The building will be rushed to completion in the late spring or early summer of 1941. When placed in full production, the plant will employ 12,000 persons.

NEW ASSIGNMENT

Berlin, Oct. 27.—(Sunday)—(AP)—General Strechius, of the German infantry, who has been in charge of the military administration of occupied France, "undertook a new assignment" on Friday, it was said here today. Informed sources said the nature of the new job was not divulged.

He was succeeded in France by Infantry General Heinrich Von Stuelpnagel, who has been heading the German-French armistice commission at Wiesbaden.

10,000 Chicago Citizens Will Keep Watch for Honest Vote

Public Opinion May Guarantee Honest Election in City; Republican Judge Says 1938 Fraud Prevented Triumph

Chicago, Oct. 26.—(AP)—Public opinion, activated by almost 100 civic and partisan organizations, has gone a long way toward guaranteeing an honest election here Nov. 5.

Not since election frauds became a grown up public problem in Chicago have so many citizens volunteered their time and effort to police the vote.

In addition to more than 19,000 paid judges and clerks in the city's voting precincts, the Illinois Republican coordinating committee has announced it would have a minimum of 10,000 watchers at the polls.

"Bad" Words
Perry John TenHoor chairman of the committee, said it was his intention to assign four volunteer watchers to every precinct in what he called the "bad" words.

A joint civic committee, sponsored by some 50 civic groups in a non-partisan, non-political crusade for honest elections, has trained another army of 5,000 to turn out on election day.

"We are not out to elect or defeat anybody," said Albert J. Meserow, chairman of this organization's executive board. "But we intend to see that the voting is clean."

Their efforts were being augmented by the Woman's Civic Council, the vote fraud fighters Alliance, The Illinois Volunteer committee to stop vote frauds, a Republican organization which has enlisted 7,000 workers; the vote fraud Detection Division of the Cook County Central Committee of the Republican party, and various individual civic groups, including the Chicago Bar Association and the Chamber of Commerce.

Leaders explained their work began when the registration of new voters opened several months ago, and that it included a careful inspection of the eligibility of those on the poll lists.

Wholesale vote fraud cost us the mer Municipal Judge Edward B. Cas-

election in 1938 and 1939," said Forney, a leader in the Republican drive to clean up voting.

Bipartisan Dealings
He said bipartisan dealings recognized as one of the chief factors that made election frauds possible, had been practically eliminated under the new Republican setup here, and that the party's 16,000 precinct workers were now wholly devoted to their cause.

"Our first job was the preparation of a list of ineligible persons who for one or another reason were not privileged to vote," Casey said. "We did this long before the official canvass of the voters' rolls were made, and we got 129,000 names of persons who had moved or died or otherwise disqualified themselves."

Casey added that the list was turned over to the board of election commissioners and "resulted" after the official canvass, in 125,000 of the names being stricken.

Draft "Favoritism" Impossible Action, Is Dykstra Pledge

Conscription Lottery Is To Be Tuesday; Simpson To Draw First

Washington, Oct. 26.—(AP)—Draft Director Clarence A. Dykstra, announcing that four cabinet members and a congressman would draw the first numbers in next Tuesday's historic "conscription lottery," assured the nation today that there was "no possibility of favoritism" in the process.

"In this momentous operation of the law of chance," Dykstra said in a statement "representatives of all walks of life will receive identical privileges."

The drawing to determine the order in which 800,000 men will be called for a year's military training by next June 15, is to be held in the inter-departmental auditorium between the Capitol and the White House.

As officials rushed preparations for its conduct, word went out to local selective service boards that all registration cards must be given a serial number and the list of numbers posted publicly before the drawing starts.

President Roosevelt will open Tuesday's ceremony with a brief address, and Secretary of War Stimson will draw the first of the 8,500 blue capsules containing the serial numbers from the gold fish bowl used for the same purpose during the World War.

Stimson will be followed, Dykstra said, by Navy Secretary Knox, treasury secretary Morgenthau, attorney general Jackson and representative Paul Kilday, Texas Democrat, in that order. Because of the pressure of his duties at the state department, Secretary Hull declined an invitation to participate.

Fort Sheridan Fire To Be Investigated

Fort Sheridan, Ill., Oct. 26.—(AP)—A board of officers was designated today to investigate a fire in one of the Fort Sheridan garage buildings last night which damaged 20 army trucks.

The trucks, known as cargo vehicles in army parlance, belonged to the equipment of the 61st Coast Artillery. Some were used to haul field pieces.

Lieut. Col. Charles Harris, executive officer of the 61st, was one of those investigating. A military spokesman declined to say whether there was any evidence of sabotage or incendiaryism explaining that, the investigating officers were charged with the duty of learning the origin of the fire.

DOWNSTATE CIO LEADERS DECIDE TO BACK LEWIS

Wire From Edmundson Discloses Support For Willkie

Springfield, Ill., Oct. 26.—(AP)—A group of downstate CIO leaders, led by the American, decided today to support the call of CIO Chief John L. Lewis for support of Wendell Willkie.

Ray Edmundson, Illinois district president of the U.M.W.A., made public a resolution signed by 16 U.M.W.A. officers, executive members and special representatives, which commended Lewis' "successful leadership" and promised to work "with all our power" for the Republican presidential nominee.

Edmundson, who also is state chairman of Labor's Non-Partisan League, said similar resolutions were adopted at the same meeting by officers of the downstate CIO region and of the League.

"65 Per Cent"
Edmundson claimed the CIO had approximately 110,000 members in Illinois outside of Chicago, predicted that "at least 65 per cent" of them would vote for Willkie and stated:

"It means the losing of Illinois for Roosevelt."

Edmundson reported that there was some dissent at the meeting of about 20 CIO leaders. Taking cognizance of reports that some CIO unions in the state had expressed approval of President Roosevelt despite Lewis' stand, he said:

"It's only natural in a democracy. There's bound to be rabid partisans in every movement. We don't pretend to speak for all of labor."

Henry Johnson, assistant national director of the P.W.O.C., said officers and members of 14 locals had adopted a resolution backing Lewis. Earlier, the Rockford CIO Council, claiming to represent 6,000 workers, had repudiated Lewis' endorsement of Willkie.

Knox Terms Navy "Most Powerful"

Chicago, Oct. 26.—(AP)—Secretary of the Navy Knox asserted tonight that the U. S. had the most powerful fleet in the world and was engaged in the task of building sea defenses strong enough "to stand off any combination of enemy."

He told the navy council of Illinois at a navy day banquet that maintenance of naval supremacy would be a contribution to peace in a world that would be "ruled by force" for a generation.

Relating that the only approach to this nation was by ocean, he stated in a prepared address:

"Airplanes, in sufficient number to constitute a real threat to us, must be conveyed either on the decks of carriers. This reduces our defense, then, to a defense of the sea planes. If we can dominate and control the sea approaches—east and west—we can be safe."

AN AMERICAN SPANS 20 ROMANIAN MILES

Eureka, Ill., Oct. 26.—(AP)—Two relatives of Otto Wagner, Eureka merchant, live 20 miles apart in Rumania, but they use him as a go-between in their messages.

Wagner said he received a letter from his brother in Rumania, asking if he had received any word of their nephew at Cernauti, 20 miles from the brother's home. Wagner sent a cablegram to his nephew and the answer came back "good health," and was relayed to the brother.

France Agrees To Work With Hitler

Business Man Fears Present Policy Warlike

Chicago, Oct. 26.—(AP)—General Robert E. Wood, chairman of the board of Sears, Roebuck and Company, declared tonight that "the minds of the people are confused" and "we are being edged into the war without the masses' knowledge."

"The course we are pursuing is bound to involve us in the war," General Wood, who served in France during the first World War, asserted in a prepared address.

"The issue should be honestly presented to the people," he added. "If we aid Britain, short of war beyond the limits of the neutrality act, it ultimately means war and should mean war. If we enter the war, we must enter it with all our strength in men and money. That is the only way to win a war."

Scoffs at Invasion
Scoffing at the danger of an invasion by Germany, General Wood said that "if this great country with its 130,000,000 people and its two great natural ocean barriers cannot defend itself, it does not deserve to survive."

As for dangers of an economic war, he said that "Europe needs us more than we need Europe."

He added that "as long as we have products South American can use and as long as we have products we can use, we will get our full share of the trade" of that continent.

General Wood's address was broadcast by the Columbia Broadcasting Company.

FLAGSHIP LINER OF CANADA HIT BY NAZI BOMBS

Empress Of Britain Is Left In A Sinking Condition

Berlin, Oct. 26.—(AP)—The Empress of Britain, Majestic Canadian flag ship liner which carried King George VI and Queen Elizabeth home to Britain from their North American trip in 1939, was reported in informed German quarters to have been bombed and left in a sinking condition north of Ireland today.

"German combat planes" attacked the liner in the waters which Germany has proclaimed as the scene of total blockade, these sources asserted. By forenoon, it was stated, the crew had abandoned the ship and she was foundering.

Used As Troopship
(The British admiralty declined comment. The Empress, displacing 42,348 gross tons and one of the ten largest ships ever built, earlier in the year had carried Australian and New Zealand troops to combat zones, along with the Queen Mary, the Mauretania, the Aquitania and the Empress of Canada and Asia.)

(There has been no indication, however, of the manner of her service in recent months, and she last was reported seen on June 1 with a half dozen other convoy ships at Freetown, Africa.)

(She was launched in 1930 and christened by the Prince of Wales, now the Duke of Windsor. She set several records for the Southampton-Quebec run and made world cruises in the winters, up to the outbreak of war, when she was camouflaged and presumably armed.)

(Her fittings rivaled other superliners in luxury, and included a Pompano swimming pool and a full-sized tennis court.)

"French" Failure
His reference to the "Dakar episode" was to the failure of a "free French" British supported, naval expedition to wrest the west African colony from the Pétain government.

Hore-Belisha, (who in the past has not been on good terms with Prime Minister Churchill), is still a member of Parliament.

Washington, Oct. 26.—(AP)—The United States' deep concern over the German-French negotiations was evidenced today by disclosure that President Roosevelt has sent a message to Marshal Henri Philippe Petain, chief of the French state.

The communication was delivered to Gaston Henry-Haye, the French ambassador, last Thursday by Sumner Welles, undersecretary of state. The fact of its dispatch was a closely-held secret until today.

Although lacking official confirmation, it was reported that the president's message had been timed—and perhaps contained an appeal—designed to influence Petain against signing any "collaboration" pact with Germany which would imperil France's future as a free nation and possibly bring about a clash between French and American interests, especially in the western hemisphere.

APPOINTMENT TO ACT FOR DYKSTRA

Madison, Wis., Oct. 26.—(AP)—An administrative committee of three University of Wisconsin officials was appointed by the board of regents today to act in the absence of President Clarence A. Dykstra, U. S. Draft administrator.

The board formally gave Dykstra a leave of absence and named as members of the committee, A. W. Peterson, university controller, Dean George C. Selery, of the College of Letters and Science and Dean Edwin B. Fred, of the graduate school.

The board voted to continue his salary of \$15,000 a year and Dykstra said he would turn over to the university the \$10,000 he will receive annually as draft administrator.

PEACE MOVE IS SEEN BY TERMS OF AGREEMENT

Disclose Note Sent By Roosevelt To Petain On Thursday

Vichy, France, Oct. 26.—(AP)—France moved officially into the axis line-up in Europe tonight with her government's announcement that Adolf Hitler and Marshal Philippe Petain, France's chief of state, had agreed in principle to work together to restore peace in Europe.

The announcement, endorsed by the French cabinet, marked an historic about-face for France and put this vanquished country on the threshold of negotiations on concrete points of agreement with her German conquerors.

It followed a 75-minute meeting of the Vichy cabinet where Petain and his second in command, Vice Premier Pierre Laval, explained what they talked about this week in conferences with Hitler and Joachim Von Ribbentrop, the German foreign minister.

"The council of ministers unanimously approved their declarations," the announcement said.

General Examination
The terse communication said merely that Hitler and Petain had held a "general examination of the situation and, in particular, the means of reconstructing peace in Europe," and were in accord on "the principle of collaboration."

(Here four lines were censored.)
This, two days after Petain's meeting with the Fuehrer in Nazi-occupied Paris, seemed to political observers to be a clear sign of an impending "peace offensive."

They said it might be started with a bid for the good offices of the United States in seeking an end to European hostilities.

(In Washington, United States Secretary of State Cordell Hull disclosed that President Roosevelt had sent a "communication" to the French government Thursday, at about the time of the Hitler-Petain meeting, concerning its effect on American interests.)

Although Hull declined to make public the text of the president's message or specify its precise subject, he called attention to the policy formulated by the 21 American republics at the Havana conference concerning any change of status of European owners of western hemisphere territories.)

Hore-Belisha
London, Oct. 26.—(AP)—Leslie Hore-Belisha, former British secretary for war, demanded tonight that Parliament be called into session at once because of the Hitler-Petain agreement.

In a statement given to the semi-official Press Association, Hore-Belisha called for an immediate session "to consider the policy of the government toward the Vichy government, the French empire and French navy and the implications of the agreement reached in principle between Hitler and Marshal Petain."

Hore-Belisha, who was dropped by the former Chamberlain government last January, recalled that "it was when Parliament recently was in recess that the Dakar episode occurred and many days elapsed before its recall."

(Parliament now meets only from time to time.)
The former minister also demanded that the House of Commons be informed "without delay" why the government, through King George VI, had sent "a message of encouragement coupled with sympathy for the sufferings of the French people to Marshal Petain, French chief of state."

"French" Failure
His reference to the "Dakar episode" was to the failure of a "free French" British supported, naval expedition to wrest the west African colony from the Pétain government.

Hore-Belisha, (who in the past has not been on good terms with Prime Minister Churchill), is still a member of Parliament.

Why a 3rd Term Is Dangerous!

Harold Ickes and other "New Dealers" who will have to seek other jobs if Wendell Willkie is elected president, are greatly aroused by the agitation AGAINST a Third Term. They would be.

However, the DEMOCRATIC PARTY HAS ALL THROUGH ITS HISTORY BEEN OPPOSED TO A THIRD TERM, and has passed many resolutions AGAINST it.

In 1927, when the same people thought that Calvin Coolidge might run for a THIRD TERM, all the Democratic leaders became rabid against such a possibility. In fact, SEVEN MONTHS AFTER COOLIDGE had formally announced he would not run for another term, the Senate of the United States passed the following resolution:

"It is the sense of the Senate of the United States that the custom of a President retiring at the end of a second term has become, by universal concurrence, a part of our Republican system of government, and that any departure from this time-honored custom would be unwise, unpatriotic, and fraught with peril to our free institutions."

Among those who voted for this resolution AGAINST a third term were Senators Barkley, King, Pittman, Norris, Harrison, La Follette, Wheeler, Wagner and others.

In 1912, when the DEMOCRATS were worried about Theodore Roosevelt, the national convention adopted this plank:

"We favor the single presidential term and to that end urge the adoption of an amendment to the Constitution making the President of the United States ineligible for re-election, and we pledge the candidate of this Convention to that principle."

The candidate so pledged by the DEMOCRATIC CONVENTION was Woodrow Wilson, yet . . . after he was elected . . . nothing more was ever heard about the PLEDGE of the Convention.

Instead, four years later—in 1916—he was running for a second term on the platform that "He Kept Us Out of War" and that the American people NEEDED HIM because of war conditions in Europe. One month and two days after Wilson's second inauguration, he plunged the United States into FULL WAR in Europe!

Today, in spite of all this opposition to a Third Term by the DEMOCRATIC PARTY, that party is telling us, in effect, that it's Roosevelt —OR ELSE.

It is up to the American people to make sure that this DOESN'T happen. That's why all Americans should UNITE and . . .

Meredosia Society Has October Meet

Mission Study Program Held; Other News Notes Of Interest

Meredosia, Oct. 26.—The Woman's Missionary Society of St. John's Lutheran church held a mission study program Wednesday afternoon with a pot luck supper in the evening and a program following the supper. The Women's Missionary Society of Bluffs were guests at the meeting. The afternoon program opened by singing a hymn, after which followed scripture and prayer by Rev. F. R. Bacon.

Mrs. Edna Telling gave an interesting review of the topic "The Genesis of the Exodus." Another hymn was sung and topic No. 2 "Youth on the Highway" was given by Mrs. Clara Summers, after which Rev. Bacon sang a solo, "Living For Jesus." Mrs. G. M. Steinberg gave topic No. 3, "The Family Pulls Up Stakes." Another discussion followed, after which another hymn followed and the meeting was closed by repeating the Lord's prayer.

The evening program consisted of hymns sung by group. Scripture and prayer by Rev. Bacon. Two more topics were discussed, topic No. 4, "The Church Serving the Migrants" by Mrs. Tena Wegehoff and "Ministering to Shifting Populations" by Rev. Bacon.

The meeting closed with the Lord's prayer. Those present from Bluffs were Mrs. Edna Middendorf, Mrs. Emma Berger, Mrs. Amelia Mueller, Mrs. Mamie Knoepfel, Miss Dorothy Mueller, Mrs. Minnie Bosse, Mrs. Elizabeth Hamilton, Mrs. Cora Parks, Mrs. Lena Kilver, Mrs. Helen Marsh, Mrs. Louis Middendorf and Mrs. Elsie Bottelbush.

Veteran Railroad Man Will Retire Here November 1

Henry G. Duncan Waits Until Election Day to Move Back to Franklin

Henry G. Duncan, 519 Hardin avenue, expects to vote Tuesday morning, Nov. 5, after which he will move his household goods from this city to Franklin and retire after 40 years continuous employment with the C. & N. O. railroad. Although his work with the railroad will terminate Nov.

1, Mr. Duncan did not wish to lose his vote in the presidential election by changing residence before Nov. 5. Mr. and Mrs. Duncan resided in Franklin for many years and became residents of this city three years ago when he was made section foreman east from Jacksonville.

Mr. Duncan has always been employed in section maintenance of the railroad, serving as foreman for a number of years.

He is a member of a pioneer Morgan county family. His grandfather, Capt. John B. Duncan, commanded Company H, 32nd Illinois Infantry, during the Civil war, losing a leg in battle at Little Hatchie river, Miss. He died from effect of his injuries before the war was over. Mr. Duncan's father, John H. Duncan, also served in the Civil war as a private in Company C, 145th Illinois Infantry.

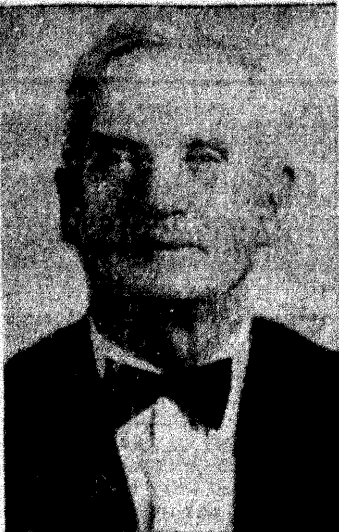

His grandmother, Adeline Wright Duncan, was a member of a party of pioneers who arrived at Franklin from Tennessee in the fall of 1830, coming by the way of settlements in Missouri, and riding horseback during the long journey.

Eight Recruits Are Accepted for Air Service in Hawaii

Young Men Respond at Once To Call to Go to Islands; Now 2,000 Vacancies

Eight young men have enlisted through the local recruiting office for service for three years in the Hawaiian Department of the U. S. Army Air Corps. Announcement of vacancies in the Hawaiian service was made this week and met with an instant response. Four of the men are from Jacksonville, two from Alsey and two from Merced, Cal. Those accepted for the Hawaiian service are:

Curtis Gale Engelman, 502 South Church street; John Robert Hall, West State street; Carl Edward Robinson, 206 East Michigan avenue; Charles Robert Froge, 724 South West street; Graydon E. Steelman, Alsey; Boyd Mathias McGlasson, Alsey; Verlin Chester Whitlock and Leonard Wesley Easley, both of Merced, Cal.

New opportunities for enlistment in the Regular Army Air Corps with the added incentive of an opportunity to serve in Hawaii, were announced Saturday by Brig. Gen. Charles H. Bonesteel, commanding the Sixth Corps Area.

"Nearly 2,000 vacancies are open to young men from Illinois, Michigan and Wisconsin for training in the Air Corps technical branches," said General Bonesteel. "They will train at Jefferson Barracks, Missouri, before being sent to Hawaii. Enlistment periods are for three years."

The General pointed out that a high school education or its equivalent, or a journeyman's rating in a mechanical trade are required. Applicants must be able-bodied, active, free from disease, unmarried, citizens between 18 and 35 years old.

Blueboys Trample Elmhurst 19-0 In Grid Battle Saturday

I. S. D. Turns On Its Power In Last Half, Beats Missouri, 19-7

Beaten off in two attacks, Illinois School for the Deaf scored one touchdown in the first half on a freak play and then had to wait until the fourth quarter before they were able to roll over Missouri School for the Deaf 19 to 7 here Saturday afternoon in their annual homecoming game, which also initiated their new athletic field.

One of the largest crowds to see an I. S. D. game at home this year turned out for the hammer and long duel. Neither team pulled a punch and the players flew at each other like wild passenger trains. The Tigers gave a brilliant display of offensive ability in the territory outside the 20 yard line, but it wasn't until the fourth quarter that they really showed power inside the 20.

Ralph Belzer's running was one of the highlights of the bitterly fought game, the blonde bullet reeling off several runs of 20 yards and better, and scoring one touchdown. The Missourians had one boy who could equal Belzer's feats, but the Tigers clamped down on him when their defense became compact deep in their own territory. He was Cole, a race horse who simply flew past the Tigers on his longest jaunts. One of his runs, for about 32 yards, set up the only Missouri score of the game.

I. S. D.'s first touchdown probably will go down as the year's freest. Pounding into Missouri territory for the third time shortly after the second quarter opened, Joe Crovatta cropped back from his own nine yard line and pitched a pass to Paris Connors. Connors and a Missouri back both went up in the air for the ball and each of them tipped it up in the air. The ball came down in Pahlman's hands in the end zone, and he somersaulted to the ground for the touchdown.

A short kick set up I. S. D.'s second touchdown, and a penalty pushed the Tigers along. Again Crovatta faded back, this time from his 11 yard line and whipped a pass to an open spot in the end zone. Connors came whizzing

Story Book Finish Brings Wisconsin Win Over Purdue

Badgers Score Twice in Last Three Minutes of The Contest

Lafayette, Ind., Oct. 26.—(AP)—Wisconsin's football Badgers made Frank Merriwell look like a piker today as they scored two touchdowns in the last three minutes of play, the last one in the very final second, to nose out Purdue, 14 to 13, before 21,000 spectators.

Down 13 to 0 in the closing minutes, the Badgers suddenly rallied with such a thrill-jammed finish as never before had been seen in Ross-Ade Stadium. The Boilermaker homecoming crowd, already cheering what it thought was Purdue's first Western Conference triumph of the season, was stunned. Instead, it was Wisconsin's first conference victory.

After an 84 yard march had produced the first Wisconsin touchdown, the payoff blow came on a pass from Johnny Tennant of Fenimore, Wis., to Raymond Kreick of Milwaukee when the big clock showed a second to go. Fading back from the Purdue 35 after the Boilermakers had elected to lose the ball on downs rather than kick, Tennant passed to Kreick who took the ball on the Purdue 10 and galloped over for the tying points.

The Killing Punch

Then just as the gun fired, Bob Ray of Eau Claire, Wis., delivered the killing punch, a perfect placekick for the extra point.

After three scoreless periods, Purdue seemingly had sailed the game away in the first four minutes of the final quarter. From their own 40 the Boilermakers used just four plays to score, sending Johnny Galvin of Chicago over left tackle from the Wisconsin 2 for the touchdown. John Pettit of Lebanon, Pa., added the point.

A couple of minutes later Paul Anderson of Strufflers, Ohio, galloped 63 yards for the second Boilermaker touchdown. Pettit's try for point was blocked. But that didn't seem important at the time. Purdue was ahead, 13 to 0.

But the finish was to be different. Six first downs and a touchdown, the desperate Badgers marched to taking the ball on their own 18, Tennant's pass to Ray, Don Miller of Dixon, Ill., and Eugene Lyons of Horicon, Wis., set the stage for Ray's touchdown plunge over center from the one-yard line. Fred Gage of Green Bay, Wis., placekicked the point.

Three Seconds to Go

Purdue took the kick-off and used up three plays and a penalty to fitter away the time. There were only three seconds to go when the Boilermakers chose to play into the line on fourth down rather than kick. Wisconsin took the ball and then a time out to call what had to be the last play.

Purdue's defense spread out. Tennant took the pass from center, started to his right and then stopped and passed back to the left to Kreick who caught the ball unmolested and went for the score.

Purdue piled up a tremendous advantage in first downs and yardage. The Boilermakers had 13 first downs to six for Wisconsin and gained 265 yards rushing to 79 for Wisconsin. On passes the Badgers gained 73 yards and Purdue 62.

Notre Dame Defeats Illini, 26 to 0, Before 63,186 Spectators

Champaign, Ill., Oct. 26.—(AP)—Notre Dame moved smoothly along football's victory road again today, defeating Illinois 26 to 0 in Memorial Stadium before 63,186 spectators, largest crowd to see a game here in 11 years.

The Irish, in racking up their fourth victory in as many starts this fall won as they pleased, with Notre Dame second and third stringers seeing as much service as the first eleven. The victory scored twice in the opening period and added touchdowns in the second and fourth quarters as Illinois failed to threaten seriously until the final minute of play.

Not Severe Test

It was evident early in the contest that for a fourth straight week, Notre Dame was not to be tested severely. The Irish second team started the contest and with Steve Bagarius leading a ground drive and Illinois twice being offside, Notre Dame moved to the Illinois six. Fred Evans then passed to Bagarius for a touchdown.

Late in the period the Notre Dame first team went into action. On the third play, after Steve Juzwik had reeled off a 17 yard gain, Bob Saggau passed to Juzwik for 29 yards and a touchdown. In the second period Juzwik again started the Irish machine

Cornell Wins From Ohio State, 21 to 7, After Poor Start

Winner Is Impressive In Rally After Visitors Challenge First

Ithaca, N. Y., Oct. 26.—(AP)—Cornell's fine football team had to come from behind today to keep its record intact, but was tremendously impressive in walloping Ohio State, 21-7, in the Big Red's only intercollegiate game of the year.

Almost any other team might have been thrown completely off stride by the 89-yard scoring march Ohio State put on the first time it got the ball. But not this Cornell team, unbeaten in 16 straight games. It came back to go 47 yards for the tying touch-down in the second quarter and in the second half not only throttled the Ohio State attack down to 44 yards but drove 61 yards once, to go out in front and capitalized on a break for the final score.

Price of Victory

The victory was at a price, however. Kirk Hershey, fine end who had returned to action after a two-game absence, went out for the rest of the year with an aggravation of his knee injury, and Howard Dunbar, playing with a mask to protect his broken nose, had it broken again.

Ohio, after its opening march, couldn't do anything.

On that scoring drive, Tom Kin-kade, Jim Langhurst and head-working Don Scott, who played without relief, pounded into and around the Cornell line. Without throwing a single pass, they hammered to six straight first downs, the last of them on the Cornell 1 and sent Langhurst driving through the middle from there.

Scott added the extra point. The Ithacans came racing back and covered 47 yards in 3 plays, the last 33 on a forward pass from Hal McCullough to Jim Schmuck which paid off because of a terrific block thrown by Walt Matuzczak, the Cornell captain.

All-American

With All-American tackle Nick Drahos kicking the point, that made it 7-7. It stayed that way until Walt (Pop) Scholl came in for McCullough's place in the third quarter. Three plays by this sparkling covered 48 yards and took the ball to the 5, from where Lou Bufalino went over on the first play of the final period.

McCullough came back in again and set up the clincher by making one of Cornell's five pass interceptions, which he returned from the Ohio 37 to the 15. From there, it was Bufalino again all the way on a reverse that started wide, then cut back over the Buckeye right tackle.

Harvey Scott And Bob Detienne, Illinois Backs, Score In The First Half

The Illinois College Blueboys scored a 19 to 0 gridiron triumph over Elmhurst in a game Saturday at the I. C. field. All three touchdowns came in the first half when Harvey Scott and Bob Detienne, Blueboy backs, found their stride and took turns rushing the leather through huge openings in the Elmhurst defense.

Scott scored two of the touchdowns, one as the finale of a first quarter march down the field, and the other a second stanza marathon trot 75 yards through enemy territory. Scott passed to Shirvis for the conversion. Detienne chalked up the other marker midway in the second period, when he took a center pass on the 50-yard line, rushed through right end, left the entire Elmhurst backfield tottering with a cut-back and then sprinted for the goal line.

All of Coach Alf Lamb's Blueboys saw service during the one-sided game. Reserves played most of the second and fourth periods. Elmhurst made a lot of substitutions, too, but for a different reason. Frank Mangiera, Harvey Scott, Dick Shirvis and Bob Detienne kept up a steady onslaught against the Elmhurst line, wearing the visitors out as fast as they came.

Blueboy linesmen kept Elmhurst from netting a first down during the first half, and the three Elmhurst first downs came from passing. This department was the only effective weapon used by the visitors. Metz,

Wolverines, Led By Harmon, Whitewash Pennsylvania, 14-0

Michigan's Star Insures All-American Berth By Performance

Ann Arbor, Mich., Oct. 26.—(AP)—Michigan's great Tommy Harmon raced 19 yards to one touchdown and passed 15 to a teammate for another to lead the Wolverines to a 14 to 0 victory over Pennsylvania before 60,000 impressed fans today.

Any doubts that the Michigan star would retain the All-America laurels accorded him last season were erased as he turned in one of the most brilliant performances of his career against the previously undefeated Quakers. By scoring a touchdown and kicking two extra points, Harmon ran his total points for five games to 87 and left his most prominent rival, Frank Reagan of Penn., far in the rear.

The heralded duel between Reagan and Harmon never did develop. The diminutive Penn. ace neither could

pass or run to advantage against the stout Michigan defense, and he finally was jerked from the game by Coach George Munger early in the final period.

Harmon Is Terrific

The best Reagan could do was to toss a couple of 11-yard passes, and his longest run from scrimmage was seven yards. Harmon, in addition to his two scoring plays, streaked through and around the Penn. lines for gains of 23, 17, 14, 14 and 12 yards, and completed one other long pass for 24 and 14 yards. In addition, his kicking was splendid. In a word, he was terrific.

Due principally to Harmon's efforts, but with a couple of low bows to Fullback Bob Westfall and Quarterback Forest Evashevski, Michigan was able to gain 223 yards by rushing to Penn's 130 and to hold the Quakers even in the first downs at 12 apiece. Michigan scored its touchdowns in the first and third periods. Penn. lumbered down as far as Michigan's two-yard line at the start of the final quarter, but couldn't score through the bunched Wolverine defense.

Harmon carried the ball 28 times for a net gain of 142 yards and completed three passes for 51. Reagan in 12 tries penetrated Michigan's line for a net of only 10 yards. Of the seven passes he threw three were completed for 32 yards and two were intercepted.

Minnesota Downs Iowa, 34-6; Franck Stars For Gophers

Haykewes Get Into Minnesota Territory Only One Time

Minneapolis, Oct. 26.—(AP)—Minnesota's sensational Iowa-born halfback, George Franck, scored four touchdowns and helped the Gophers to a 34 to 6 victory over Iowa today before 63,000 homecoming fans.

Iowa put up a great fight, but the Minnesota crusher got them with two second period touchdowns that lanced the speedy Franck, snatching four passes from Bruce Smith.

Iowa got into Minnesota territory only once. A Patraffr fumble was recovered by Iowa on the Minnesota 33 in the first period. Bender passed 12 yards to Gilleard. With the Minnesota defense scattered for another flip, Green darted through a big hole at center, cut to his left and ran 27 yards for a touchdown.

Holding Penalty

In the second, a fifteen yard holding penalty led directly to the first Minnesota score. Putting the ball in play on their 20 after a punt over the goal, the Haykewes were setback to the Iowa 35. On the first play, Franck took Bruce Smith's pass on the five, going on over for the score.

A few minutes later Smith shot a fifty yard pass to Franck on the Iowa three, and he slid over safely for the second touchdown.

About midway in the third period, Franck set up another parade by totting a punt to the Iowa 34. Franck single handed in seven plays picked up his third score.

As the quarter ended, Mernik and Patraffr worked the piskin down to the Iowa 7. In came Franck as the period opened. He got four, Koe Jamnik two and then the hot halfback went over with his fourth.

Minnesota's third string fullback, Ed Steinbauer, copied Franck in getting the fifth Minnesota touchdown in a drive starting from the Iowa 44.

Wildcats, Minus Star, Need Rally To Defeat Indiana

Northwestern Comes From Behind To Down The Hoosiers, 20 to 7

Evanston, Ill., Oct. 26.—(AP)—Northwestern's Wildcats, scenting the Western Conference championship, came from behind in a desperate fourth period surge today to conquer Indiana, 20 to 7 before 40,000 spectators.

The victory enabled Northwestern to retain its position as one of the nation's undefeated and untied leaders.

Up to the middle of the fourth period, the Hoosiers not only led the Wildcats, 7 to 6, but had outplayed them by a wide margin. The surge started with Olie Hahnstein, halfback intercepting Hal Pursh's pass on Northwestern's 43 yard line. After two line smashes he heaved a 40 yard pass to Al Butcher, who was down in his tracks on the Hoosier seven.

Hahnstein smashed the line for three, then George Benson, plunged for the touchdown that set the Wildcats on their way. Benson added the point from placement.

A few seconds later Jim McGuire, coming into the game to replace Hursh, stood on his own 28 yard line to punt. Big Alf Bauman smashed through and blocked the kick, the ball bouncing off his chest rolling to the seven where Jimmy Smith, Northwestern negro end, grabbed it and ran unmolested for a touchdown. Benson again placekicked the point.

The Wildcats, playing sluggishly while their star, Bill DeCorrevont, was on the sidelines with a sprained ankle, scored first at the start of the second period after they had begun a 71 yard drive late in the opening quarter.

Bud Eldridge Hits High Score for Week

Bud Eldridge was the high scoring bowler of the week at the R. and R. alleys, hitting a 613 series in the Monday night competition, and coming back Thursday night to roll a 244 game in the middle of a three game series.

L. Peters, however, has piled up the highest average in the Monday night loop, a 183 pin score. Bus Murgatroy is on his heels with a 181 average. Beerup's D-X keggers are leading this hot loop with 14 wins against seven losses, with General Motors in second place with 14 and 10.

Team No. 6 in the Amalgamated Clothing Workers League has nine wins and three lost for the lead, and Team No. 3 is in second place with 6 and 6. Ballard has high average, 169, and McDaniels is second with 161.

Bess Wynn turned in the best score for the women, a 520 series and a single game of 206. The A.C.W.A. women's team is leading the Ladies Senior loop with 13 wins and 8 defeats, with the Kute Kurls in second place with 12 and 9. Nell Nichols has the high average, 159, and Louise Barwick is in second place with 148.

"Recent Father" Is Hero For Nebraska

Lincoln, Neb., Oct. 26.—(AP)—Mr. Harry Hopp, father of a ten day old baby, was hero of Nebraska's 20 to 7 Big Six victory today over Missouri. Hopp, name doesn't appear in the scoring column, but he slammed the Missouri line 26 times for an average gain of 4.4 yards.

The reason the 21 year old junior didn't score was that Roy Petcher forsook his old job of blocking to gambol 53 yards for the first Husker tally.

Then Herman Rohrig hoisted two consecutive passes to Luther for a total of 48 yards and a second marker. In the final period Hopp tossed to Luther for the third touchdown.

For 58 minutes Paul C. Christman and his Missouri mates were determined that there would be no third consecutive victory for the Tigers. In his previous starts against Nebraska Christman had pitched victories.

CHAMP JOE LEWIS "In Willkie's Corner" In Presidential Race

Detroit, Oct. 26.—(AP)—Joe Louis, world heavyweight boxing champion, visited newspaper offices here today to announce he was "in Willkie's corner" in the presidential race.

The Negro athlete, in a dictated statement, urged members of his race to vote for Wendell L. Willkie "because I think he will help my people."

"I never come out for any candidate before," Louis said, "but I think Willkie will give us a square deal. Roosevelt had two terms to show what he could do, but he didn't give us an anti-lynching law. He hasn't done so much for us other ways."

MICHIGAN STATE

East Lansing, Mich., Oct. 26.—(AP)—In a battle of punts and passes, the Santa Clara Broncos and Michigan State Spartans fought to a scoreless tie today before a homecoming crowd of 18,500.

State only once threatened seriously, but the Broncos menaced the Spartan goal three times, completing six passes in a 67 yard drive that failed in a field goal attempt with 25 seconds left to play.

Monmouth, Ill., Oct. 26.—(AP)—For the third time in 30 games, Garthage defeated Monmouth here today. The score was 6 to 0. Clark made the touchdown from the two yard line late in the third quarter. Monmouth muffed several chances early in the game, and never threatened in the second half. Carthage made 11 first downs to Monmouth's five.

DEKALB TEACHERS

Wheaton, Ill., Oct. 26.—(AP)—A passing DeKalb Teachers team capitalized on Wheaton College's fumbles to win, 12 to 6, today before the capacity Wheaton homecoming crowd.

DeKalb scored first in the second quarter on a 40 yard pass, Jarvi to Smith, over the goal; and added another in the third, Price recovering a Wheaton fumble on Wheaton's 25, which set up the drive. Captain Smith plunged over for the score.

Wheaton scored in the fourth on a pass, Wulff to Glatfelter after a march from its own 21 to DeKalb's eight.

THREE BLIND MICE

Durant, Okla., Oct. 26.—(AP)—When all three officials at a Southeastern College-East Central football game after a long parley, disallowed an apparent Southeastern touchdown and put the ball on East Central's six-inch line, the Southeastern band broke into "Three Blind Mice."

OKLAHOMA

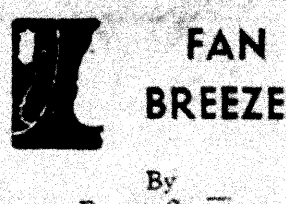

Ames, Ia., Oct. 26.—(AP)—Oklahoma's 613 series, his best score for the women, a 520 series and a single game of 206. The A.C.W.A. women's team is leading the Ladies Senior loop with 13 wins and 8 defeats, with the Kute Kurls in second place with 12 and 9. Nell Nichols has the high average, 159, and Louise Barwick is in second place with 148.

EUREKA COLLEGE
Eureka, Ill., Oct. 26.—(AP)—Eureka defeated Burlington Junior College today, 25 to 6.
The Red Birds scored early in the first few minutes of the game. A penalty robbed Burlington of victory when a touchdown pass was not allowed because of pushing in the waning minutes of the final quarter.

FAN BREEZES
By Ernest Savage

Football faithful from long distances gathered Saturday at the University of Illinois to see the Illini in their first homecoming game against a non-conference team. There were lots of Jacksonville folks who went to Champaign-Urbana for the big game—the biggest in attendance the Illini have had for some time.

Friday's football brought a flock of surprises. White Hall worried the socks off Winchester before the Wildcats finally disposed of them to remain in the fight for the Illinois Valley crown. It was the first time in five weeks Winchester felt it could let down a little bit, and the lads weren't certain that they should then.

Roodhouse had a close call in winning from Pittsfield, 13-6, while Greenfield dropped another tough one to Pleasant Hill, 12-6. In that game, incidentally, there was another of those plays for the book. The same player made two forward passes from behind the line of scrimmage, and the last one was intercepted by Pleasant Hill. A Pleasant Hill player batted the first attempted forward pass back into the hands of the boy who had thrown it, and this led fired again.

And then Coach Sam Morey's lads at Virginia ran up on their hind legs and held C. F. Hubbell's Guard lads to a scoreless tie. The Redheads missed a couple scoring chances on fumbles, while Hubbell kept his act, another Whittier of course, on the sidelines part of the time. Springfield surprised a lot of prep followers by tying with Bloomington, one of the Big 12 leaders.

Two touchdowns in the last quarter gave Louisiana Poly a 20 to 14 victory over Illinois Wesleyan to end the Titans' winning streak Friday night.

Quincy high's previously undefeated football team took one on the chin from Normandy high of St. Louis in a game that set something of a scoring record. There were four touchdowns in the first quarter, and a fifth on the first play of the second quarter. Then the boys quieted down and didn't score throughout the second half.

STATE NORMAL
Carbondale, Ill., Oct. 26.—(AP)—Illinois State Normal University remained undefeated in Illinois intercollegiate conference competition by whipping Southern Illinois State Normal University here today, 25 to 6.

The Red Birds scored early in the first quarter on a 40 yard pass to Bill Hoffburg, then waited until the third period for a second touchdown. Taking to the air, Carbondale also counted in the third.

**COLLEGE Y. W. C. A.
PRESENTS PROGRAM**

At the MacMurray College Y.W.C.A. chapel held in Music Hall Friday, the student body voted to send the estimated budget in to the national Y.W.C.A. organization. After the motion was carried through, a program of hidden talent was given.

Jan Morrison, Oklahoma City, Oklahoma, gave some original poems; Frances Ferrel, Robinson, Illinois, played a piano solo and a voice arrangement; Jane Lyman, White Hall, Illinois, gave a very interesting reading. A short skit followed, reminding the student body of the Halloween party to be given on Friday evening in Hardner gym. The Y.W.C.A. meeting was then adjourned by the president, Roberta Butler.

Senator Dickinson Flays Program of Scarcity, 3rd Term

Former Iowa Senator Addresses Crowd in Behalf
Of Wilkie

Former United States Senator Lester J. Dickinson, in an address in Central Park here Saturday afternoon, flayed the New Deal program of scarcity and urged the election of Wendell L. Wilkie, Republican candidate for president, Senator Dickinson, who served in the House of Representatives and in the United States senate, said the real worthwhile program of soil conservation was the idea of Republican administration.

The speaker of the afternoon was presented by Hardin Banks, Republican candidate for congress, Gall B. Ransom, chairman of the Morgan County Republican Central Committee, presided at the meeting and first introduced State Representative Hugh Green, who spoke briefly.

Anyone who thinks we can get anywhere on a program of scarcity is a false prophet declared Senator Dickinson, and "I mean Henry Wallace when I say this." The prosperity of the nation depends upon the prosperity of the farmer, he asserted. The town said he did not blame the farmers for taking government checks since they were being handed out so promiscuously, but thought they were entitled to more than federal money grants.

Flaying the third term the speaker declared it leads to more centralization of power. No man ever acquired power and wanted to relinquish it, he stated. Roosevelt promised to relieve unemployment and yet after eight years he has been unable to do anything about it.

Wilkie got where he is today because he earned it, said Senator Dickinson, and "I believe he is the man to handle this job of government although it will be a tough one."

Wells Failing
Due to the prolonged drought in this area, quite a few local wells have been failing recently, and a very few cisterns are reported still having a supply of rain water. Many local residents are being forced to carry water from the other nearby wells for household use, and numerous farmers here are having to haul water for their stock, while others who still have a water supply are reporting it to be running low. Springs in this vicinity are weaker at present than they have been for some time.

Moves Barn
Charles Wilson had a large barn moved Saturday from his present residence to his property just east of the school grounds. The Wilson brothers of near Alyse pulled the structure to its new location with their steam engine.

Charles W. Wagner In Rockne Movie

Former Jacksonville Young
Man Appears in Notre
Dame Picture

Friends of Charles W. Wagner, son of Mr. and Mrs. James Wagner, 339 East College avenue, will be interested to know that he is to be seen in three scenes of "Knute Rockne All American," a moving picture surrounding the life of the great football coach, which will be shown soon at the Illinois theater.

Wagner, who graduated from Rount in 1938 and from Notre Dame university last June, was one of 300 students selected from a student body of several thousand to take part in the picture. The scene at Notre Dame, where the late Knute Rockne coached his way to fame, were taken last spring.

While appearing in the movie scenes Wagner had the pleasure of meeting Pat O'Brien, the actor who plays the role of Rockne.

The Rockne picture will be shown at the Illinois theater from Nov. 3 to 6 under the auspices of the parochial schools athletic association of this city.

Magner is now employed by the General Electric corporation in Schenectady, N. Y.

Livestock Prices Steady Yesterday

Chicago, Oct. 26.—(AP)—Livestock prices steadied today after a week of irregular and uneven fluctuations reflecting varying trends in supplies and wholesale market conditions. Although not enough animals were available to test values accurately, hogs were quotable about steady, with the top figured around \$6.40 for any choice butchers available. The supply included 500 on sale, 5,000 direct, 1,000 cattle, 100 calves and 4,000 direct sheep.

Receipts in both the hog and sheep departments were larger in the Chicago market this week compared with last week and a year ago but cattle supplies were practically the same. This held true at other principal markets with the exception that the total sheep run at these points was considerably less than last week.

Most hogs lost 25 to 30 cents during the week, heavier butchers showing 15 to 20 cents decline. Average price yesterday was around \$6.19 per hundredweight compared with \$6.54 a year ago. Choice and prime steers and yearlings were strong to 25 cents higher compared with a week ago but other grades lost about 25 cents. Country demand for stockers and feeders was good but prices for these closed weak. Fat lambs and yearlings gained 10 to 25 cents during the week.

New York Stock Market

New York, Oct. 26.—(AP)—Steels led the stock market on an upward swing today in the liveliest Saturday dealings of the past four months. Gains ran to a point or so for a handful of issues although fractional advances were the rule elsewhere. Top marks were reduced in most cases at the close.

Despite occasional slow-downs, transfer for the two hours were in the neighborhood of 400,000 shares, the largest turnover for a brief session since the middle of June.

While sobering speculative influences were plentiful, brokers said, political optimism seemed to have revived sufficiently in Wall Street, in the week of last night's outbursts of campaign speeches, to bring in considerable short covering and a moderate amount of new investment purchases.

At the same time, lack of definite knowledge as to what is going on among the axis powers in the war on England still served as a chilling factor in boardrooms. In addition, it was thought, tax doubts remained as a partial offset to generally encouraging business developments at home.

Stocks out in front during the greater portion of the proceedings included U. S. Steel, Bethlehem, Youngstown Sheet, Wheeling Steel, Republic Steel, U. S. Rubber, Sears Roebuck, Douglas Aircraft, Glenn Martin, Dupont, Dow Chemical, Eastman Kodak, Texas Corp., Standard Oil of N. J., American Telephone, Consolidated Edison, Kennecott, American Smelting, Great Northern and Santa Fe.

Wheat On Decline As Selling Booms

Chicago, Oct. 26.—(AP)—The sharpest wheat price change in weeks today sent quotations tumbling almost three cents a bushel from opening highs to the lowest general level since mid-October.

Values closed for the day's lows and 11-21 cents below yesterday's finish. December wheat fell from the opening high of 87 to a low of 84 and closed at 84-1/2. May closed at 83-1/2-3/4.

Selling was attributed to uneasiness regarding the recent sharp upturn and eagerness to take profits. Several large professional lines were reported liquidated while some orders were credited to hedging operations against actual wheat redeemed from government loans, although reports indicated there were no signs of a definite change in producers' holding policies.

Corn closed 1 to 2 cents lower, December 60 1/2-1/4, May 61 1/4, oats 2-1/2 down; soybeans 1-1/2 lower; rye 14-1/2 down; and lard 2-5 lower.

The Romans Had a name for it

'At our Hallowe'en time, the old Romans used to hold a Festival of the Fruits. In early Britain, it became the Hallow E'en, or Holy Eve... a harvest holiday in honor of saints and martyrs. Today, the Jack-o'-lantern pumpkin continues to symbolize this ancient harvest festival. Harvest is everywhere a period of gratitude and rejoicing.

But the American table is no longer limited by the harvest season. In the pages of this newspaper, advertisements tell you about good things to eat that are available all the year round... Juicy pineapples from glamorous Hawaii. Fresh celery and lettuce. Creamy tomato soup. Boston baked beans. And many other tempting foods.

Study carefully the advertisements in this newspaper. They will guide you to the best brands... the products which millions of families have found to be always pure, wholesome and delicious. And they will save you time, money and countless shopping steps!

STORIES IN STAMPS

Europe's Stamp Future Is Philatelic Puzzle

HITLER is making almost as great a jumble of European stamps as he is the map of Europe. The Third Republic of France ended philately with the semi-postal issue above, one of two designs with surtax for the Red Cross. A new issue, picturing Premier Marshal Petain has been announced.

The conquered nations of the west—Holland, Belgium, Denmark, Norway—have continued to use their own stamps. Belgium lost Eupen and Malmédy, and Germany released two pictorials proclaiming the return of former German possessions. German issues are also in use in Alsace and Lorraine.

Hungary and Rumania fought a "war of stamps" over Transylvania, and Hungary has already issued a single item heralding return of the province. Rumania also has a flood of King Carol II issues on hand that must be replaced.

Practically forgotten is the Balkan Entente, honored this year by four sets of the signatories of the pact. The promised, but never issued, Anglo-French stamp is a thing of the past.

War plays havoc with stamp albums, too.

SERIAL STORY

NEW YORK JUNGLE

BY WRAY WADE SEVERN

YESTERDAY, Sidney follows Nello to the swimming pool, arrives in time to see Lesencoff dive into the swimming pool. The director insists the girl attempted suicide. He notices a bruise on her head. Lesencoff has an alibi for his presence in the neighborhood, expressed. Nello realizes that he is unable to speak.

MARTA REVEALS A SECRET

CHAPTER XVII

AFTER the doctor's second visit, everyone in the house knew that Nella Langdon was a victim of psychic dumbness. She could not speak. But he had administered a narcotic and had held out hope that when she awakened from the sleep induced by the drug she might be herself again.

People afflicted with psychic dumbness or blindness became so, he explained, because they had heard or seen sights so terrible that their nervous systems refused to recognize them and relate them. In Nella's case, a nervous inheritance from an insane grandmother, made her a ready victim. The question in all minds, including Captain Plowman's, was: What would Nella relate when she did return to normal?

"What can Nella have seen?" Marta asked Sidney when they were alone together in the library, later in the day. "Can she be protecting someone?"

"God knows," Sidney replied. "To guess is to accuse, and I am not prepared to do that. Neither, I believe, is Plowman."

"Aren't there drugs that may be used to free her?"

"Yes, but they are not always successful and cannot be employed without the consent of relatives. I imagine Hugh, as the nearest relative, might not wish them tried."

Abruptly Sidney switched the subject. "Barkes said he saw a shadow against your curtain at 6 o'clock last night, Marta. Have you an idea who made it?"

"To guess is to accuse, and I am not prepared to do that. Neither, I believe, is Plowman."

"Aren't there drugs that may be used to free her?"

"Yes, but they are not always successful and cannot be employed without the consent of relatives. I imagine Hugh, as the nearest relative, might not wish them tried."

Abruptly Sidney switched the subject. "Barkes said he saw a shadow against your curtain at 6 o'clock last night, Marta. Have you an idea who made it?"

A QUICK flush burned Marta's face. She turned from him, and stared out the window at the dripping trees, green now from their long drenching.

"If we are to play square with Adam, Marta, you had better tell me all you know," he said gently.

Rescue 27 Officers And Men Following Sinking of Vessel

Italian Sub Crew Acts After Destroying Ship; Story Of Action

Lisbon, Portugal, Oct. 26.—(P)—An Italian submarine rescued 27 officers and men of the Belgian freighter Kabalo after striking her about 600 miles off Madeira October 15 and landing them safely on Santa Maria Island, in the Azores, the Kabalo's captain reported to Portuguese authorities today.

"Any attempt to resist would have been useless," the captain said, "because the submarine suddenly appeared just a few meters ahead of the Kabalo. After the crew abandoned ship on two lifeboats, the submarine sank her, firing several shells through the waterline.

The sea was rough and one lifeboat turned turtle, but the submarine took us aboard and helped refloat the lifeboat. As we were in the middle of a violent gale the Italian captain kindly offered to tow us to Madeira—if we could just manage to wait until 10 o'clock sharp the next morning, because the submarine had no fuel.

Girl Scout Week To Be Observed Beginning Today

Church Day is Marked in Nation by Scouts; Homemaking Day Monday

The celebration of Girl Scout Week, scheduled for October 27 through November 2, brings to a climax an unusually busy and exciting autumn season for over half a million seven-to-eighteen-year-old girls throughout the United States. Jacksonville alone has 250 Girl Scouts located in 17 different troops who have given service to the community, and in return they have received a community spirit and citizenship training.

In twenty-eight years of experience the Girl Scouts have developed a system that helps build resourcefulness through facing everyday problems, a system that helps build intelligent future voters by giving girls a chance to plan together and make many of their own decisions, a system with a code of conduct that operates not just at meetings, but in daily life seven days a week.

Girl Scout Week, which marks the birthday on October 31, of Juliette Low, the founder of the movement, is divided into seven service days, each of which illustrates a phase of the Girl Scout program of activities. The week opens with Girl Scout Sunday featuring special church services and is followed by Homemaking Day, Arts and Crafts Day, Out-of-doors Day, International Friendship Day, Citizenship Day, and Health and Safety Day.

Below is a schedule of the activities to be carried out during Girl Scout Week in Jacksonville.

Sunday, October 27, is observed as Church Day by all Girl Scouts in the nation. The Girl Scouts of Jacksonville will attend the special services at Christian church with Rev. Pontius giving the sermon. They will meet at 10:30 with their troop on the lawn of the church by the east door on College avenue. All Scouts having uniforms are urged to wear them as the Girl Scouts will attend the church service as a body.

Monday, October 28, is Homemaking Day, on which many Girl Scouts prepare an evening meal. Menus have been planned for the different age groups. If it is not possible to prepare the meal on Monday, some day later in the week is permissible.

Tuesday, October 29, the Service Bureau opens. The Girl Scouts are organizing themselves into Girl Scout Service Bureaus in order to volunteer their services in this present national emergency.

Registration for every Girl Scout will be held Tuesday, Wednesday and Thursday of Girl Scout Week. The registration desks will be located at the Girl Scout office in the Dunlap hotel. Every girl must make it a point to register after school or after her troop meeting on one of these three days.

Thursday, October 31, is the observance and nationwide celebration by all Girl Scouts of the birthday of Juliette Low, who founded the Girl Scout movement in this country.

November 1, the Girl Scouts are having a party for the mothers and fathers. It is a pot luck supper starting at 6:00 o'clock at Century church. Coffee will be furnished. Ice cream bars and chocolate milk will be on sale there. Prizes will be given to the troops with the best table decorations for first and second place. Following the supper a program will be given. Each troop is going to give a skit or song as their part of the entertainment. First and second prizes for the cleverest skit or song are being offered.

The committee for these Girl Scout Week plans is the following: Mrs. Claude Davis, chairman; Miss Helen Sweeney, Mrs. Don Sperry, Miss Margaret Viner, Mrs. Ned Donahoe, Miss Marguerite Schoedack, Mrs. Ella Bruce, Miss Jan Blake.

The committee in charge of serving the coffee and selling ice cream and chocolate milk at the Girl Scout party, November 1, is: Miss Elizabeth Newman, chairman; Mrs. Raymond Johnson, Miss Margaret Scyler, Mrs. W. H. Newcomb is chairman of the Service Bureau.

Geography Will Be Topic Of Opening Lecture At College

Dr. Robert Platt, Chicago U. Professor, To Speak Here Wednesday

Dr. Robert S. Platt, professor of Geography at the University of Chicago, will open the Illinois College lecture series Wednesday evening with an address on "Geography and Western Hemisphere Solidarity."

Platt is the first of a group of experts on new world problems who will appear on the college lecture program this year. The opening address will lay the geographic background for new world solidarity plans. Platt is a specialist in this field and has made annual trips through Central and South America since 1919. He is one of the few men who have explored the Amazon River in South America from mouth to source.

Basing his efforts on wide travel and study of Latin American, Dr. Platt has been attempting to promote a better understanding among the nations in the Western Hemisphere. Dr. Platt has just completed work on a volume, entitled, "Latin American Countries and Countrywide." He is the author of numerous articles on geographic subjects.

Dr. Platt studied at Yale and Chicago Universities and has supplemented his formal education with extensive world travel. He spent two years teaching in China.

The I. C. lecture series for 1940-41 has been arranged by a student-faculty committee and is being sponsored through the student activity plan.

The purpose is to present a coordinated group of lectures on a single topic. The various phases of western hemisphere solidarity will be discussed by experts in each field.

The opening address will lay the geographic background for new world solidarity plans. Platt is a specialist in this field and has made annual trips through Central and South America since 1919. He is one of the few men who have explored the Amazon River in South America from mouth to source.

Basing his efforts on wide travel and study of Latin American, Dr. Platt has been attempting to promote a better understanding among the nations in the Western Hemisphere. Dr. Platt has just completed work on a volume, entitled, "Latin American Countries and Countrywide." He is the author of numerous articles on geographic subjects.

Dr. Platt studied at Yale and Chicago Universities and has supplemented his formal education with extensive world travel. He spent two years teaching in China.

The I. C. lecture series for 1940-41 has been arranged by a student-faculty committee and is being sponsored through the student activity plan.

The purpose is to present a coordinated group of lectures on a single topic. The various phases of western hemisphere solidarity will be discussed by experts in each field.
